Criatividade é a porta para a Inovação!

Creativity is the door to innovation!

La créativité est la porte pour l'innovation!

A **GS DOORS®** surgiu em 2015 por forma a criar uma identidade própria à vasta experiência da empresa já existente na secção de Carpintaria e Fabrico de Portas e Aros!

Ao longo dos anos a sua evolução tem sido notável, investindo numa produção eficiente, sendo a alta tecnologia e a inovação uma procura incessante e juntamente com a competência e dedicação da nossa equipa especializada, garantem a qualidade dos nossos produtos!

A GS DOORS apresenta no mercado: portas interiores com as várias possibilidades em opções de desempenho: corta-fogo, de segurança, acústicas e contra radiações; aros em madeira ou alumínio; ferragens e todo o tipo de complementos, onde o DESIGN e a QUALIDADE são perfeitos aliados!

Com base nos nossos métodos de fabrico, projetamos e desenvolvemos produtos à medida das necessidades dos clientes, não só com exigências estéticas e funcionais, como também de carácter técnico e de acordo com as normas e certificações requeridas!

Distinguimo-nos sem dúvida pelo serviço altamente personalizado e pelo esforço que reiteramos em proporcionar qualidade e rigor, pois só desta forma continuaremos a acompanhar a evolução dos mercados a nível mundial!

GS DOORS® was created in 2015 in order to create a unique identity to our vast know-how in Carpentry, Door and Frames manufacturing!

Over the years, the progress has been remarkable, the investment in efficient production, the constant search for high technology and innovation together with the skills and dedication of our specialized team, has granted the quality of our products!

GS DOORS offers: interior doors for many performance options: fire-proof, security, acoustic and anti-radiation; wood or aluminum frames; hardware and all kind of accessories, where DESIGN and QUALITY are perfect allies!

Our versatile manufacturing methods, allows us to design and develop custom-made products meeting the needs of our customers, not only fulfilling aesthetic and functional requirements, but also technical in accordance with the required standards and certifications!

We stand out for our highly personalized service and for the effort to provide quality and rigor, as this is the only way to follow the evolution of worldwide markets!

GS DOORS® a été créé en 2015 afin de créer une identité unique à la vaste expérience de l'entreprise dans la section de Menuiserie et Fabrication de Portes et Huisseries !

Au fil des années, son évolution a été remarquable, l'investissement dans une production efficace, la constante recherche pour l'haute technologie et l'innovation, la compétence et le dévouement de notre équipe spécialisée, garantissent la qualité de nos produits !

GS DOORS présente sur le marché : des portes intérieures avec différentes options de performance : coupe-feu, sécurité, acoustique et anti-rayonnement ; huisseries en bois ou en aluminium ; quincaillerie et toutes sortes d'accessoires, où le DESIGN et la QUALITÉ sont de parfaits alliés !

Nos méthodes de fabrication versatiles, nous permettons de concevoir et développer des produits adaptés aux besoins de nos clients, non seulement en satisfaisant aux exigences esthétiques et fonctionnelles, mais aussi de nature technique conformément aux normes et certifications requises! Nous nous distinguons par notre service hautement personnalisé et par l'effort que nous réitérons en assurant la qualité et la rigueur, car c'est la seule façon de continuer à suivre l'évolution des marchés mondiales !

ARO PORTA VAI-VEM

SWING DOOR FRAME
HUISSERIE POUR PORTE PIVOTANTE

Aros em contraplacado para vão de passagem ou pivotante sem batente.

Composto por:

- Aro com 25 mm de espessura
- Guarnição WPC com ajuste até 20mm
70x14 na vertical 70x12 na horizontal

Plywood frame for passage way or swing door

Frame kit includes:

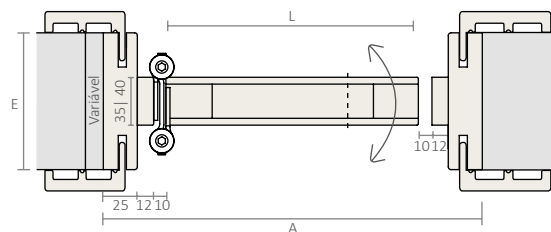

- 25mm jambs
- Adjustable WPC architraves up to 20 mm
70x14 (vertical) | 70x12 (horizontal)

Huisserie de passage en contreplaqué ou porte pivotante sans battante

Kit composé par:

- Dormant de 25 mm d'épaisseur
- Chambranes WPC réglable jusqu'à 20 mm
70x14 (vertical) | 70x12 (horizontal)

Especificações:

Porta metálica reversível e económica, construída com dupla chapa de aço e preenchida com poliestireno expandido, proporcionando assim uma estrutura mais sólida.

Aro perfilado em "Z" para trabalhar à face do vão, preparado para chumbar ou aparafusar.

Equipada com fechadura, canhão de perfil europeu com três chaves e um par de puxadores pretos em nylon.

Acabamento:

Lacado branco

Revestido a PVC à cor de Faia ou Carvalho RAL 9010

Features:

Economic and reversible metal door, built with a double steel plate and filled with expanded polystyrene, providing a more solid structure.

Z shaped frame profiles for mortar embedment or to fasten with screws.

Equipped with lock, european cylinder with three keys and a pair of black nylon handles.

Finishing:

White lacquered

Beech or laminated oak

RAL 9010

Características:

Porte métallique réversible et économique, construit avec une double plaque en acier et rempli de polystyrène expansé, fournissant ainsi une structure plus solide.

Huisseries profilé en "Z" affleurant, préparé pour être scellé à plomber ou vissé.

Equippé avec serrure, cylindre de profil européen avec trois clés et une paire de poignées en nylon noir.

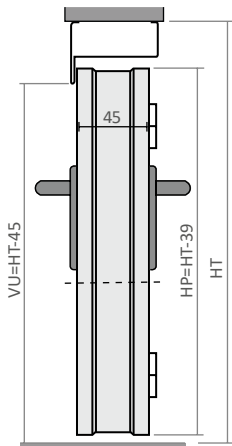

Finition:

Laquée blanc

Revetû en PVC à la couleur de hêtre ou de chêne

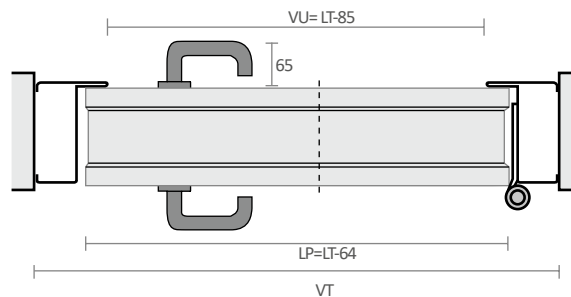

RAL 9010

Isolamento lã de rocha densidade 145/180 Kg/m³
High density rock wool insulation, 145/180 kg/m³
Isolation en laine de roche densité 145/180 Kg/m³

Reforços de aço galvanizado
Galvanized steel stiffeners
Raidisseurs en acier galvanisés

Espessura da folha 51 mm
Door thickness: 51 mm
Epaisseur de la porte 51 mm

Peso aproximado de 25 Kg/m²
Approx. weight: 25 kg/m²
Poids approximatif de 25 Kg/m²

Coefficiente de Isolamento Térmico 1.2 (W/m²k)
Thermal Insulation Coefficient 1.2(W/m²k)
Coefficient d'isolation thermique 1.2(W/m²k)

ARO | Frame | Huisserie

Aço 1,5 mm de espessura em forma de Z
Z-shaped galvanized steel, 1.5 mm thick
Acier 1.5 mm d'épaisseur en forme de Z

Garra de fixação
Jambs and lintels
Pattes de fixation

Espaçadores de chapa de aço 50 x 2,5 mm
50x2.5 mm steel door threshold
Séparateurs de plaque en acier 50 x 2.5 mm

COR | Color | Couleur

RAL 9010

EI 60

EI 90

ACESSÓRIOS | Accessories | Accessoires

Dobradiças de aço de 3 mm
3 mm thick steel hinges
Charnières en acier de 3 mm d'épaisseur

Junta Intumescente de grafite 15 x 2 mm
15x2.5 mm graphite intumescent joint
Joint intumescent en graphite 15 x 2 mm

Fechadura CF reversível
Reversible inlay fire resistant lock
Serrure CF réversible de double lock suiveur

Cilindro de latão, 40 x 40 mm com 3 chaves
40x40 mm brass cylinder lock with 3 keys
Cylindres en laiton, 40 x 40 mm con 3 clés

Puxador modelo CF anti-gancho
Anti-snap fire resistant handle
Poignée Modèle CF anti-accrochage

Com núcleo de aço revestido por fusão
Steel core covered by fusion
Ame en acier enrobé par fusion

Escudos metálicos revestidos com nylon e parafusos
Metal shields covered with nylon. Bolts and nuts
Caches métalliques enrobés de nylon et visserie
